

Appendix 4 - Full list of proposals discussed by the EMGO <sup>+</sup> Science Committee in 2014							
Date submission	Title	Research program	Proposer	Department	Judgement Science Committee	2nd Judgement Science Committee	Final decision
2-1-2014	Improving the prognosis of dizzy elderly: a three-arm validation and intervention study in general practice	QoC	Maarsingh, O.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
7-1-2014	MooDFOOD	LOD	Brouwer, I.A.	FALW Health Sciences	Positive, possibly with recommendations for improvement		Yes
15-1-2014	Geriatric outpatient care	QoC	Veenhuizen, R.B.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
15-1-2014	Determinants of Diet and Physical Activity: Knowledge Hub to integrate and develop infrastructure for research across Europe (DEDIPAC)	LOD	Ploeg, H.P. van der	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
20-1-2014	Unforgettable "Stedelijk en Van Abbe"; to a more dementia friendly society	MH	Drões, R.M.	Psychiatry	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
20-1-2014	Evaluation of an implementation strategy for individual Placement and Support for adults with severe mental illness	MH	Schaafsma, F.G.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
20-1-2014	Measuring and valuing Quality of life in older adults with the ASCOT NL	QoC	Ostelo, R.W.J.G.	FALW Health Sciences	Positive, possibly with recommendations for improvement		Yes
20-1-2014	Responsiveness of maternal health services through social accountability mechanisms in Sub-Saharan Africa	QoC	Lodenstein, E.M.	ATHENA Institute	Positive, with recommendations for improvement		Yes
21-1-2014	From Transsexualism to Gender Incogruence: A field trial on the gender identity disorder diagnosis in the Netherlands	MH	Kreukels, B.P.C.	FALW Health Sciences	Positive, possibly with recommendations for improvement		Yes
23-1-2014	Feasibility pilot study of a web-based self-management program as addition to the PRISMA course	LOD	Snoek, F.J.	Medical Psychology	Positive, possibly with recommendations for improvement		Yes
27-1-2014	Transforaminal injections in patients with a lumbosacral radiculair syndrome	MSH	Ostelo, R.W.J.G.	FALW Health Sciences	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
30-1-2014	The functional status and quality of life of patients with Korsakoff syndrome living in long term care facilities.	QoC	Juriën-Zaal, B.G.W.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
5-2-2014	The introduction of colorectal screening in the Netherlands: the interplay between the public opinion and the individual decision making process	QoC	Timmermans, D.R.M.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
6-2-2014	Determinants of dietary behaviour at Dutch primary schools - A concept mapping study with children, parents and teachers	LOD	Chin A Paw, J.M.M.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
10-2-2014	The relation between medically unexplained physical symptoms (MUPS) and return to work after long term sickness absence. What factors are relevant for the disability assessment of the insurance physician?	MH	Schaafsma, F.G.	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes

11-2-2014	The feasibility of collaborative functional goal setting and evaluation by means of multiple functional assessments during geriatric rehabilitation	QoC	Smit, E.B.	General Practice & Elderly Care	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
11-2-2014	The PARTNER approach in Pluryn	QoC	Baur, V.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
12-2-2014	Skills Training and Re-skilling for carers of people with dementia	QoC	Hertogh, C.M.P.M.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
18-2-2014	Mental health problems in patients with pulmonary hypertension: burden and need for support	MH	Muntingh, A.D.T.	Psychiatry - GGZinGeest	Positive, possibly with recommendations for improvement		Yes
19-2-2014	An innovative care model to improve (cost) effectiveness of outpatient care for traumapatients with one ore more fracture(s)	MSH	Wiertsema, S.H.	FALW Health Sciences	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
19-2-2014	Improving care for sexual problems in persons with type 2 diabetes	MH	Rutte, A.	General Practice & Elderly Care	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
20-2-2014	Timely detection of dementia: validation of automated self-screener	QoC	Hout, H.P.J. van	General Practice & Elderly Care	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
25-2-2014	The PARTNER approach in ZZG Zorggroep	QoC	Baur, V.	Medical Humanities	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
3-3-2014	From Psychiatric Hospitals Act to Care and Coercion	QoC	Frederiks, B.J.M.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
11-3-2014	Blended versus face-to-face Cognitive Behavioral Therapy for major depression in specialized mental health care - a randomized controlled multicenter pilot trial assessing clinical and health economic outcomes	MH	Wiersma, J.	Psychiatry - GGZinGeest	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
12-3-2014	SMART MOVES!	LOD	Saliasi, E.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
17-3-2014	Patient experience in bipolar disorder	MH	Maassen, E.	ATHENA Institute	Positive, possibly with recommendations for improvement		Yes
18-3-2014	Aphasia Centers Netherlands / Afasiecentra Nederland	QoC	Schipper, K.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
28-3-2014	ProtEUs: Effects of an infant formula with an optimized amino acid composition on growth and body composition in infants	LOD	Kouwenhoven, S. van	Pediatrics	Positive, possibly with recommendations for improvement		Yes
31-3-2014	North-West Netherlands aligned: a qualitative analysis into factors of success and failure in a regional network	QoC	Schuitmaker, T.J.	ATHENA Institute	Positive, possibly with recommendations for improvement		Yes
31-3-2014	Exploratory/proof of principle microbiota study	LOD	Kouwenhoven, S. van	Pediatrics	Negative, can be resubmitted		No
1-4-2014	ACTION: Agression in Children: Unraveling gene-environment interplay to inform Treatment and InterventION strategies	MH	Boomsma, D.I.	FPP Biological Psychology	Positive, possibly with recommendations for improvement		Yes

1-4-2014	A detailed look at speech recognition in realistic dynamic listening scenarios	QoC	Goverts, S.T.	Otolaryngology, Head & Neck Surgery	Positive, possibly with recommendations for improvement		Yes
9-4-2014	More independent and less tired: the development, execution and evaluation of a psychological intervention for renal patients on dialysis	QoC	Schipper, K.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
17-4-2014	From AWBZ to WMO. Evaluation of Transition from Client's Perspectives together with clients	QoC	Groot-Sluijsmans, B.C.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
17-4-2014	Health in Slum Settlements: Study of Slums in India and the Philippines	LOD	Belonje, A.	ATHENA Institute	Negative, can be resubmitted		No
30-4-2014	Internet-delivered cognitive behavioral therapy for posttraumatic stress disorder in humanitarian aid workers: a pilot study	MH	Sijbrandij, M.	FPP Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
2-5-2014	Selfmanagement: the needs and capabilities of elderly	QoC	Dedding, C.	ATHENA Institute	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
6-5-2014	ACTION: Agression in Children: Unraveling gene-environment interplay to inform Treatment and InterventIOn strategies	MH	Maassen, E.	ATHENA Institute	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
8-5-2014	Diversity in health care teams: Space for Difference?	QoC	Leyerzapf, H.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
12-5-2014	Frequency and change mechanisms of psychotherapy among depressed patients: a multicenter randomized trial	MH	Bruijniks, S.	FPP Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
13-5-2014	Neurobiology and treatment of female adolescent conduct disorder: the central role of emotion processing	MH	Oldenhof, H.	Pediatrics - Child & Adolescent Psychiatry	Positive, possibly with recommendations for improvement		Yes
16-5-2014	NurseSMS: A joint research program on Nurses' Self-Management Support for people facing progressive incurable diseases	QoC	Francke, A.	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
20-5-2014	The interrater reliability of a classification algorithm and clinical shouldertests in patients with a subacromial impingement syndrome	MSH	Ostelo, R.W.J.G.	FALW Health Sciences	Positive, possibly with recommendations for improvement		Yes
20-5-2014	TRIDENT-study: a nation-wide trial of the implementation of non-invasive prenatal testing using Massively Parallel Sequencing for fetal trisomy 21, 18 and 13 in pregnant women at known increased risk for fetal aneuploidy	QoC	Henneman, L.	Clinical Genetics	Positive, possibly with recommendations for improvement		Yes
23-5-2014	Personalised medicine: eligible or not?	QoC	Cornel, M.C.	Clinical Genetics	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
27-5-2014	Tailored interventions to enhance Adherence of Patients with Cardiovascular Disease	QoC	Laan, D. van der	Clinical Pharmacology & Pharmacy	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
28-5-2014	Higher quality of life for people with dementia by client-centred use of applications	MH	Dröes, R.M.	Psychiatry	Positive, possibly with recommendations for improvement		Yes

28-5-2014	Participation as outcome measure for physiotherapy: efficient measurements for clinical practice, research and evaluation of quality of care	MSH	Vet, H.C.W. de	Epidemiology & Biostatistics	Positive, possibly with recommendations for improvement		Yes
31-5-2014	Integrated Care System maternity care (de INCAS-2 studie)	QoC	Jonge, A. de	Midwifery Science	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
3-6-2014	Evaluation of ambulatory impedance during follow-up of children with congenital heart disease	QoC	Nederend, I.	FPP Biological Psychology	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
4-6-2014	Effects on quality of life and family caregiving experience by the Namaste Care Family program for advanced dementia	QoC	Steen, J. van der	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
4-6-2014	The value of neurobiological measures in predicting treatment outcome in the juvenile justice system	MH	Ruigh, E.L. de	Pediatrics - Child & Adolescent Psychiatry	Negative, can be resubmitted		No
17-6-2014	Family Quality of Life	QoC	Boelsma, F.	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
24-6-2014	Grip on challenging behaviour II	QoC	Zwijssen, S.A.	General Practice & Elderly Care	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
14-7-2014	Preventing cardiovascular disease in women and their offspring through lifestyle interventions before and during pregnancy: Women, their Offspring and iMproving lifestyle for Better cardiovascular health of both (WOMB)	LOD	Poppel, M.N.M. van	Public & Occupational Health	Negative, can be resubmitted		No
15-7-2014	BIObank Netherlands Internet Collaboration (BIONIC): proof of principle for major depressive disorder	MH	Bot, S.D.M.	Psychiatry - GGZinGeest	Positive, possibly with recommendations for improvement		Yes
21-7-2014	MooDFOOD Workpackage 2: Bidirectional link of food behaviour with depression: observational and experimental evidence	MH	Winkens, L.H.H.	FALW Health Sciences	Positive, possibly with recommendations for improvement		Yes
21-7-2014	Alleviating the devastating consequences of high-conflict divorces: an examination of risk factors and the effectiveness of the intervention No Kids in the Middle	MH	Schoemaker, K.	FPP Clinical Child and Family Studies	Positive, possibly with recommendations for improvement		Yes
28-7-2014	COntinuous suppORT during Labour, the COOL-study	QoC	Verhoeven, C.J.M.	Midwifery Science	Positive, possibly with recommendations for improvement		Yes
29-7-2014	Identifying best practices in care trajectories of community-dwelling persons with dementia. A comparison of care trajectories, quality indicators and costs extracted from routine care registrations and health insurance data	QoC	Joling, K.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
11-8-2014	Cost-effectiveness of guided web-based CBT for insomnia in general practice: a randomized clinical trial	MH	Straten, A. van	FPP Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
20-8-2014	Resilience of older persons with a severe mental illness in local initiatives: experiences with "De Nieuwe Club"	QoC	Ham, A.J. van der	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
27-8-2014	Overtreatment with antidepressant medication. Why? A qualitative study	MH	Huijbregts, K.	Psychiatry - GGZinGeest	Positive, possibly with recommendations for improvement		Yes

23-9-2014	Genetics and wellbeing	MH	Bartels, M.	FPP Biological Psychology	Positive, possibly with recommendations for improvement		Yes
6-10-2014	Changes in retirement policies and cohort differences: Their impact on age at retirement, income, health and mortality	QoC	Deeg, D.J.H.	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes
8-10-2014	DOBi: Dutch Older Bipolar patients. Bipolar disorder in late life; characteristics of an urban cohort	MH	Dols, A.	Psychiatry	Negative, can be resubmitted		No
9-10-2014	Effectiveness of manual therapy compared to usual care by the general practitioner for migraine: a pilot study	MSH	Castien, R.F.	Rehabilitation Medicine	Negative, can be resubmitted		No
14-10-2014	Quantifying the impact of dietary approaches for the prevention of diabetes	LOD	Dekker, J.M.	Epidemiology & Biostatics	Negative, can be resubmitted		No
15-10-2014	Overweight in early childhood: identification unfavourable weight trajectories and associated nutritional characteristics	LOD	Olthof, M.R.	FALW Health Sciences	Negative, can be resubmitted		No
21-10-2014	Recall study - Rivastigmine for ECT-induced Cognitive Adverse effects in Late Life Depression	MH	Rhebergen, D.	Psychiatry - GGZinGeest	Positive, possibly with recommendations for improvement		Yes
28-10-2014	PERRIN-DECADE 16-30. Determinants of participation during transition into adulthood of children and young adults with cerebral palsy; a 12-year follow-up study	MSH	Dallmeijer, A.J.	Rehabilitation Medicine	Positive, possibly with recommendations for improvement		Yes
30-10-2014	Social accountability in Maternal Health Services in India	QoC	Cock Buning, J.T. de	ATHENA Institute	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
30-10-2014	Personalized prevention of chronic diseases (PRECeDI)	QoC	Cornel, M.C.	Clinical Genetics	Positive, possibly with recommendations for improvement		Yes
31-10-2014	Development of an intervention for the effective treatment of fatigue in visually impaired adults	QoC	Nispen, R.M.A. van	Ophthalmology	Positive, possibly with recommendations for improvement		Yes
5-11-2014	The magic multiplier from econometrics: Enriching public health through innovative use of EMGO+ cohorts	QoC	Boot, C.R.L.	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
6-11-2014	Validation of a clinical staging model for anxiety disorders	MH	Bokma, W.	Psychiatry	Negative, can be resubmitted		No
10-11-2014	One, two, three, towards self-responsibility?! Exploring motivations of pediatric rehabilitation professionals and parents of children with a chronic condition for self-management	QoC	Wong Chung, R.W.	Rehabilitation Medicine	Positive, possibly with recommendations for improvement		Yes
13-11-2014	GenEquip: Equipping European primary care health professionals to deal with genetics	QoC	Cornel, M.C.	Clinical Genetics	Negative, can be resubmitted		No
17-11-2014	Exploring harm-reducing effects for bereaved relatives and friends after a non-physician suicide	QoC	Hagens, M.	Public & Occupational Health	Negative, can be resubmitted		No
2-12-2014	Nutritional needs and physical function in community dwelling geriatric outpatients to counteract sarcopenia and ultimately preserve daily function	QoC	Trappenburg, M.	Rehabilitation Medicine	Positive, possibly with recommendations for improvement		Yes
4-12-2014	Internet use/non-use by older adults: Netherlands and Sweden	QoC	Deeg, D.J.H.	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes

7-12-2014	Tinkering supervision	QoC	Hertogh, C.M.P.M.	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
9-12-2014	The effects of routine third trimester ultrasonography on pregnancy-related anxiety and fetal bonding in low risk pregnancies	QoC	Jellema, P.	Midwifery Science	Positive, possibly with recommendations for improvement		Yes
