

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016								
Nr.	Date submission	Title	Research program	Proposer	Department	Judgement Science Committee	2 nd Judgement Science Committee	Final decision
1	13-1-2016	Internet-based vestibular rehabilitation for older dizzy adults: does it work? A single blind, three arm, randomised controlled trial in general practice	QoC	Mr. O. Maarsingh, PhD	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
2	16-1-2016	Out of Control: The self-control strength model of family violence within a genetically informative design	MH	Ms. C. Finkenauer, PhD	Biological Psychology	Positive, possibly with recommendations for improvement		Yes
3	21-1-2016	New moral responsibilities assigned to family care? Finding moral balance in changing roles between professionals and family carers	QoC	Ms. K. Schipper, PhD	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
4	27-1-2016	Contextual correlates of dietary habits and obesity in adults across Europe	LOD	Mr. J.E. Lakerveld, PhD	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes
5	30-1-2016	Oxygenation of affected limbs in CRPS-I patients	MSH	Mr. R.S.G.M. Perez, PhD	Anesthesiology	Positive, possibly with recommendations for improvement		Yes
6	2-2-2016	Further development of PaTz as an instrument for improving palliative care in the primary care setting	QoC	Ms. B.D. Onwuteaka-Philipsen, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
7	2-2-2016	Timely and optimal palliative care for homeless people: the first phase of a project for development and implementation of a consultation service	QoC	Ms. B.D. Onwuteaka-Philipsen, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
8	9-2-2016	Reintegration to the workplace of patients diagnosed with breast cancer or anxiety disorder - a study on experimental knowledge from occupational health physicians, Insurance physicians and other stakeholders	QoC	Ms. B. Regeer, PhD	ATHENA Institute	Positive, possibly with recommendations for improvement		Yes
9	16-2-2016	Advance Care Planning in primary care for frail elderly patients and their informal carers	QoC	Ms. A. van der Plas, Msc	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
10	16-2-2016	Non-specific neck pain: To match or not to match?	MSH	Mr. R.W.J.G. Ostelo, PhD	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes
11	16-2-2016	Life after the game	MSH	Mr. W. van Mechelen, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
12	26-2-2016	OPTIN-D: Optimizing Patient-relevant outcomes with Toujeo (insulin glargine 300 U/ml) IN routine diabetes care. Observational study documenting stages over time in Patient Reported Outcomes (PRO) of people with type 2 diabetes treated with Toujeo (insulin glargine 300 U/ml)	MH	Mr. F.J. Snoek, PhD	Medical Psychology	Positive, possibly with recommendations for improvement		Yes
13	1-3-2016	Upstream determinants of lifestyle behaviours and donor blood quality	LOD	Mr. J.E. Lakerveld, PhD	Epidemiology & Biostatics	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016

14	1-3-2016	A photovoice study exploring children's physical activity behavior	LOD	Ms. L. Hidding, Msc	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
15	26-2-2016	FIT: Matched support to prolong community care for people with dementia	MH	Ms. F.J. Meiland, PhD	Psychiatry	Positive, possibly with recommendations for improvement		Yes
16	15-3-2016	INDUCT: Interdisciplinary Network for Dementia Utilising Current Technology	MH	Ms. R.M. Dröes, PhD	Psychiatry	Positive, possibly with recommendations for improvement		Yes
17	15-3-2016	Percutaneous transforamial endoscopic discectomy (PTED) vs. open microdiscectomy for patients with lumbar disc herniation	MSH	Ms. S. Rubinstein, PhD	Health Sciences	Positive, possibly with recommendations for improvement		Yes
18	22-3-2016	High and intensive Care in psychiatry	QoC	Ms. Y. Voskes, PhD	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
19	19-3-2016	Development, structural validity, reliability, responsiveness and interpretability of a patient reported outcome measurement instrument for measuring pshysical functioning in geriatric rehabilitation patients	QoC	Mr. E.B. Smit, Msc	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
20	23-3-2016	PReDiCT: Randomised, open label, multi-centre, parallel-group, controlled study investigating the effects of using the eH-ETB to guide the antidepressant treatment of depressed patients	MH	Ms. A. van Schaik, PhD	Psychiatry	Positive, possibly with recommendations for improvement		Yes
21	9-4-2016	VUmc makes the difference. Diversity is the norm.	QoC	Ms. P. Verdonk, PhD	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
22	27-4-2016	Stratified care in knee osteoarthritis: a pilot study to explore feasibility and outcome of tailored interventions in primary care	MSH	Mr. J. Knoop, Msc	Rehabilitation Medicine	Positive, possibly with recommendations for improvement		Yes
23	29-4-2016	Promoting mental wellbeing in the ageing urban population	MH	Mr. R.M.A. Huisman, PhD	Psychiatry	Positive, possibly with recommendations for improvement		Yes
24	5-5-2016	Creating healthy school communities by sound teamwork	LOD	Ms. I.H.M. Steenhuis, PhD	Health Sciences	Positive, possibly with recommendations for improvement		Yes
25	19-5-2016	Good care in psychiatric emergency services	QoC	Mr. G.H. Schout, PhD	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
26	24-5-2016	Evaluation of the JUMPin healthy nutrition at school approach	LOD	Ms. J.M.M. Chin A Paw, PhD	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
27	27-5-2016	Optimizing decision support tools for older cancer patients	QoC	Ms. O. Damman, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016

28	27-5-2016	Who me?! I thought you'd never ask. Listening and analysing behaviours with regard to injury prevention in an elite sports context	MSH	Mr. E.A.L.M. Verhagen, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
29	31-5-2016	Evaluation study of the community-based intervention JOGG	LOD	Mr. J.E. Lakerveld, PhD	Epidemiology & Biostatics	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
30	1-6-2016	Comparison of taste and texture of Metamucil, Volcolon and psyllium orange generic	LOD	Mr. R.J.F. Felt-Bersma, PhD	Internal Medicine	Positive, possibly with recommendations for improvement		Yes
31	2-6-2016	PARTners on the move	LOD	Ms. T.M. Altenburg, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
32	2-6-2016	Intentional registration of restraint in the care for people with intellectual disabilities	QoC	Ms. B.J.M. Frederiks, LL.M, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
33	3-6-2016	The benefits and harms of risk-based screening for cervical cancer	QoC	Ms. N.J. Veldhuizen, PhD	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes
34	11-6-2016	Increasing the effectiveness of the Work Disability Re-assessment (Bevorderen van de doelmatigheid van de WIA-herbeoordeling)	MSH	Ms. M.A. Huijsmans, PhD	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
35	20-6-2016	Self-management and empowerment for chronically ill workers - Eigen regie en zelfredzaamheid voor chronisch zieke werkenden	MSH	Ms. F.G. Schaafsma, PhD	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
36	22-6-2016	The transmurial factor liaison service: implementation of a transmurial care service for the prevention of fractures with bone sparing drugs for patients with a previous fracture after the age of 50	QoC	Ms. P. Elders, PhD	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
37	25-6-2016	Family Group Conferences for suicidal adolescents. A responsive evaluation of process and outcomes	QoC	Mr. G.H. Schout, PhD	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
38	1-7-2016	Speech reception in children in realistic listening scenarios	QoC	Mr. S.T. Goverts, PhD	Otolaryngology, Head & Neck Surgery	Positive, possibly with recommendations for improvement		Yes
39	22-7-2016	Early expertise: Evaluation of a consultation- and advisory team youth mental health in the region Gooi en Vechtstreek	QoC	Ms. M. Hoogsteder, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
40	26-7-2016	Cost-effectiveness of a tailored lifestyle intervention in patients with serious mental illness	MH	Mr. M.C. Adriaanse, PhD	Health Sciences	Positive, possibly with recommendations for improvement		Yes
41	27-7-2016	Economic evaluation of an e-mental health intervention for patients with retinal exudative diseases (E-PsEYE) who receive intra-ocular anti-VEGF injections: RCT	QoC	Ms. R.M.A. van Nispen, PhD	Ophthalmology	Positive, possibly with recommendations for improvement		Yes
42	27-7-2016	Self-management support and relapse prevention in (partially) recovered patients with depressive and anxiety disorders	MH	Ms. E. Krijnen, Msc	Psychiatry	Positive, possibly with recommendations for improvement		Yes

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016

43	6-8-2016	IMAGINE - IMproving Adherence to Guidelines in Infectious Diseases through Nudging and Education	QoC	Ms. M.G. Caris, Msc	Rehabilitation Medicine	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
44	10-8-2016	EXTEND - Social inequalities in health and working longer	QoC	Ms. D.J.H. Deeg, PhD	Epidemiology & Biostatistics	Positive, possibly with recommendations for improvement		Yes
45	18-8-2016	Isolation during imprisonment: Measuring and reducing the experience of coercion by detainees as a consequence of isolation	QoC	Mr. G.A.M. Widdershoven, PhD	Epidemiology & Biostatistics	Positive, possibly with recommendations for improvement		Yes
46	22-8-2016	International and regional variations of obstetric interventions, with special focus on perineal trauma	QoC	Ms. A.E. Seijmonsbergen, Msc	Midwifery Science	Positive, possibly with recommendations for improvement		Yes
47	24-8-2016	Cost effectiveness of a primary care multidisciplinary treatment of patients with chronic pain	MSH	Mr. R.W.J.G. Ostelo, PhD	Health Sciences	Positive, possibly with recommendations for improvement		Yes
48	27-8-2016	NEON II - Evaluating the quality of clinical ethics support in Dutch Healthcare organizations	QoC	Ms. L.A. Hartman, Msc	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
49	30-8-2016	Antenatal electronic fetal heart monitoring in primary midwifery care in the Netherlands	QoC	Ms. M.S.G. van der Pijl, Msc	Midwifery Science	Positive, possibly with recommendations for improvement		Yes
50	1-9-2016	Social inequalities in extending working lives of an ageing workforce	QoC	Ms. D.J.H. Deeg, PhD	Epidemiology & Biostatistics	Positive, possibly with recommendations for improvement		Yes
51	3-9-2016	Towards a geriatric palliative care approach in prescribing for older patients with complex Multi-morbidity	QoC	Mr. M. Smalbrugge, PhD	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
52	3-9-2016	FIT4FRAIL: FITness training For FRAIL elderly during orthopedic geriatric rehabilitation	QoC	Mr. C.M.P.M. Hertogh, PhD	General Practice & Elderly Care	Positive, possibly with recommendations for improvement		Yes
53	6-9-2016	VoorZorg-Verder: Integral nursing support with health, development, parenting and lifestyle in toddlers from 2 years of age	QoC	Ms. M. Hoogsteder, PhD	Public & Occupational Health	Negative, can be resubmitted		No
54	8-9-2016	Investigating the effects of reward on speech perception and the pupil dilation response in adults with and without hearing loss	QoC	Mr. T. Koelewijn, PhD	Otolaryngology, Head & Neck Surgery	Positive, possibly with recommendations for improvement		Yes
55	13-9-2016	0-Phobia: towards a virtual cure for specific phobias	MH	Ms. T. Donker, Msc	Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
56	20-9-2016	Effectiveness and implication of the BokSmart Safe Six Injury Prevention Program	MSH	Mr. E.A.L.M. Verhagen, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
57	21-9-2016	DALIFUS: the DALI Follow-up Study	LOD	Ms. M.N.M. van Poppel, PhD	Medical Psychology	Positive, possibly with recommendations for improvement		Yes

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016

58	27-9-2016	Understanding the selection of women who require medical specialist perinatal care because of increased medical risks. Towards optimising maternal and newborn care in the Netherlands	QoC	Ms. B. Goodarzi, Msc	Midwifery Science	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
59	27-9-2016	Effectiveness of a prenatally implemented parenting support intervention on preventing postpartum parental distress and enhancing infant well-being	MH	Ms. A. van Straten, PhD	Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
60	1-10-2016	Diversity responsive care in a care network for the client with acquired brain injury. Participatory health research with caregivers with a migration background and (healthcare) professionals	QoC	Ms. T.A. Abma, PhD	Medical Humanities	Negative, can be resubmitted		No
61	1-10-2016	Caring Universities	MH	Mr. P. Cuijpers, PhD	Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
62	1-10-2016	Child, parent, youth health care practioner-perceived determinants of child sleep behaviour: a concept map	LOD	Ms. J.M.M. Chin A Paw, PhD	Child Health Care	Positive, possibly with recommendations for improvement		Yes
63	11-10-2016	Children learn to be inventive and to be empowered, fase 2	LOD	Ms. F. Boelsma, Msc	Medical Humanities	Positive, possibly with recommendations for improvement		Yes
64	13-10-2016	Comparing a probiotic and non-probiotic intervention in their ability to improve bowel habits of residents in nursing homes	QoC	Mr. E. Claassen, PhD	ATHENA Institute	Positive, possibly with recommendations for improvement		Yes
65	15-10-2016	Health talk online: Women's voices on pregnancy and childbirth - Childbirth Network	QoC	Ms. C.J.M. Verhoeven, PhD	Midwifery Science	Positive, possibly with recommendations for improvement		Yes
66	25-10-2016	The link between parenting skills, parental stress and antisocial behaviour in children before, during and after Stop Now and Plan (SNAP) intervention	MH	Ms. L. van Domburgh, PhD	Pediatrics - Child & Adolescent Psychiatry	Negative, can be resubmitted		No
67	26-10-2016	Effective supervision on actors outside the direct supervision of the Dutch Healthcare Inspectorate: The quality assurance of medical devices by municipalities and health Insurance companies	QoC	Ms. E. van Dijk, Msc	Public & Occupational Health	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
68	3-11-2016	The short revised Child Anxiety and Depression scale (RCADS-25): psychometric properties and norms in a Dutch population of school children and adolescents	MH	Ms. L. Klafus, PhD	Child Health Care	Positive, possibly with recommendations for improvement		Yes
69	3-11-2016	A research on risk identification and selection with regard to quality of care indicators	QoC	Ms. E. van Dijk, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
70	4-11-2016	Prayer in later life: patterns over time, functioning and coping	MH	Mr. M.A. Huisman, PhD	Epidemiology & Biostatics	Positive, possibly with recommendations for improvement		Yes
71	8-11-2016	Gene-environment interaction in age-related conditions	QoC	Ms. N. Stringa, Msc	Epidemiology & Biostatics	Negative, can be resubmitted		No

Appendix 4 - Full list of proposals discussed by the EMGO+ Science Committee in 2016

72	10-11-2016	RADAR-MDD (Work package 6 of RADAR-CNS)	MH	Ms. F. Lamers, PhD	Psychiatry	Negative, can be resubmitted	Positive, possibly with recommendations for improvement	Yes
73	17-11-2016	The short revised Child Anxiety and Depression scale (RCADS-25): psychometric properties and norms in a Dutch population of school children and adolescents	MH	Ms. L. Klaufus, PhD	Child Health Care	Positive, possibly with recommendations for improvement		Yes
74	1-12-2016	Op weg naar mantelzorgondersteuning op maat	QoC	Ms. H.R.W. Pasman, PhD	Public & Occupational Health	Positive, possibly with recommendations for improvement		Yes
75	2-12-2016	Leaving the normative highway: an exploration of the non-binary gender and sexual identity tracks	MH	Mr. T. Steensma, PhD	Medical Psychology	Positive, possibly with recommendations for improvement		Yes
76	2-12-2016	iCare Prevent - an internet and mobile-based self-help intervention for the prevention of depression and anxiety	MH	Mr. F. Bolinski, Msc	Clinical Psychology	Positive, possibly with recommendations for improvement		Yes
77	3-12-2016	Validity and reliability of the 'Canteenscan'	LOD	Ms. C.M. Renders, PhD	Health Sciences	Positive, possibly with recommendations for improvement		Yes
78	8-12-2016	Measurement in Medicine: choosing and using the best outcome measure	MSH	Ms. W. Mookink, Msc	Epidemiology & Biostatistics	Positive, possibly with recommendations for improvement		Yes
